### APPLICATION FOR 3 MONTH EXTENSION

### SCV3M

Use this form to apply for an extension of up to 3 months to your current annual certificate.

When can you apply for up to 3 months extension:

- When the vessel is on an 'annual inspection' regime (seen by an approved surveyor each year), all years except the last year are valid for applications to be extended.
- When the vessel is on a 'self-certification' regime (signed-off by yourself without the presence of an approved surveyor), years 1, 2 and 4 can be extended. The certificate for year 3 cannot be extended due to the need to have a mid-term inspection (required no later than 3 years after the original examination date).
- The last year of your certificate cannot be extended through this form. Please contact the office to discuss further.

The application process:

- The responsible person for the vessel should fill out this form and return to us at the YDSA Certifying Authority. We will accept this form through the post or email.
- There is an administration fee of **£72.00** (£60.00 plus VAT) to pay for each application. This means that if you wish to extend multiple years or multiple vessels, this administration fee will be charged per year per vessel. Once we have received your payment we will process your application.

If your application for an up to 3 months extension is approved:

- We will send you a replacement certificate with an updated 'valid until' date.
- The permitted extension period will depend on the code your vessel is operating under and how long since your last examination amongst other things.
