

YDSA CERTIFYING AUTHORITY TRAINING DAY

WEDNESDAY, 18th SEPTEMBER 2019

Southampton Football Club,
St Mary's Stadium, Britannia Rd, Southampton, SO14 5FP

CODING OF WORKBOATS

- 09.45 **INTRODUCTION** by the YDSA CA Chairman, Derek Levy including the importance of integrity in the surveyor, RIB survey requirements and use of sister hulls to reduce survey requirements.
- 10.00 **CA PROCESSES** –an update on the various SCV forms; the surveyors' portal - how to use it to manage your fleet; update on the website CA members' area – what it contains and plans for further information to be added – Charlie Rossiter, YDSA CA Consultant and Craig White, YBDSA IT Consultant
- 10.45 **THE NEW WORKBOAT CODE** – Bas Edmonds, Regulatory Delivery Officer, Ship Standards, MCA
- 11.45 Coffee break
- 12.15 **MANNING OF WORKBOATS** – Simon Jinks, SeaRegs Training Ltd
- 13.00 **LUNCH**
- Please ensure you attend the Discussion Group you have booked for – These are listed at the end of the programme to remind you. You will be given a slip setting out which times/sessions have been allocated for you so we don't have too many at one session and too few at another! Thank you!**
- 14.00 Your chosen Discussion Group **OR** visit to Catapult Catamaran (please leave St Mary's in time to be at the boat (venue tba) for 14.00 or shortly after)
- 15.00 **TEA** and Swop over with group visiting Catapult Catamaran
- 15.30 Your chosen Discussion Group **OR** visit to Catapult Catamaran (please leave St Mary's in time to be at the boat (venue tba) for 15.30 or shortly after)
- 16.30 All back at St. Marys
- 16.45 **CONCLUSION** and Close

The visit to the Catapult Catamaran will require a short (max 10 minute walk) from St Marys. The vessel has been out of code for a couple of years – groups will be viewing the vessel to identify items that would need updating/rectifying if she were to come back into code, using the new YDSA SWB form, plus looking at the new 'Light Duty Workboat' requirements in the latest Workboat Code (WB2). Our thanks to Steve Guyan for the kind loan of 'Dakala Mist'.

Discussion Group 1: **STABILITY** – including heel and inclining tests for coded boats – Leader: James Pratt (Available 2pm session only)

Discussion Group 2: **BOATS OF TRADITIONAL BUILD** – issues relating to the MCA regulations, MLC, etc. – Leader: David Cox (Available for both sessions)

Discussion Group 3: **SURVEY OF STEEL WORK BOATS**: extent of structural survey, allowable wastage and double plating – Leader: Ed Horne-Wingett (Available 15.30 session only)

The visits to the Catapult Catamaran will be led by Charlie Rossiter.
